

[TeamViewer V14 ID 2019](#)

A screenshot of the TeamViewer V14 application window. The window title is "TeamViewer" and it has standard Windows window controls (minimize, maximize, close). The interface is divided into several sections. At the top, there is a menu bar with "Connection", "Extras", "Help", and "Feedback". To the right of the menu bar is a text input field labeled "Insert partner ID" and a blue "Connect" button with a double-headed arrow icon. Below the menu bar, a teal banner reads "Free license (non-commercial use only)". The main interface is split into two columns. The left column contains a vertical sidebar with icons for user profile, connection, remote control, unattended access, and a status indicator. The right column is titled "Control Remote Computer" and contains a "Partner ID" dropdown menu, two radio buttons for "Remote control" (selected) and "File transfer", and a blue "Connect" button with a double-headed arrow icon. At the bottom of the right column, there is a red watermark that reads "UFdownload.com Remote Access Free all over the World!!!". The status bar at the bottom left shows a green dot and the text "Ready to connect (secure connection)".
